Dear Taskforce Friends and Volunteers,

This season to make it easier to schedule volunteers to chaperone and provide meals, we have set up Meal Train, an online interactive calendar. It is very easy to use! All the information needed is on the web page, except for the location for each week. That schedule is attached to this email.

We are using just two locations - First Baptist and Christ Church. However, different congregations are taking the responsibility for coordinating the volunteers. They will be checking the calendars for their weeks to follow-up.
